REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: Note that the terminal disclaimer filed on 11/06/2003 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of 09/826,221 has been reviewed and is accepted. The terminal disclaimer has been recorded. The double patenting rejections have been overcome by the terminal disclaimer. Additionally, Applicant's amendment is sufficient to overcome the art rejections in the Office Action mailed on 08/04/2003 and sufficient to place the instant claims in condition for allowance. The Park reference discloses a composite material comprising two foam layers and one functional layer being sandwiched between the two foam layers wherein each foam layer has a thickness of 0.115 inch. One skilled in the art would not be motivated to form the article for food service applications comprising the foam layers which have different thickness as presently claimed, i.e., one having a thickness ranging about 1/16 to about 1 inch and another having a thickness ranging about 1 to about 4 inches.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
